

ELISHA'S HOUSE PROJECT CAMPAIGN 2023

Hello friends,

Praise the Lord! We thank God for the work He does through you in witnessing to the world about the Love of Christ, Jesus. After seventeen (17) years of ministry in western Uganda in rented homes, our senior leader and pastor launched and started a house construction project as a way of enabling him own a stable home. The initial estimated cost for construction to completion of his home was estimated at **\$35,000** and the completed phase to the beam has costed us **\$10,000**.
